WXDU Reports To CMJ, Rockpool & Hits Magazine;
"WK" = Weeks In Rotation

All hail Jessie May Hemphill! Now, if only the retail outlets (not to mention any names) would stock her rather obscure record. Flaming Lips and Sister Ray didn't debut too badly either. The Afros and Boredoms are the respectable risers of the week. Big mystery of the week: What the hell happened to Redd Kross? Looks like they've fallen into the black hole of being too obscure for mainstream and too stale for college radio. Final note (to Brian Long of Rockpool): I agree whole-heartedly with your polemic against college-rock biased college radio, but why doesn't Rockpool service help out by including more truly alternative material outside the rock sphere?
